Quarterly Meeting was held on July 14, 2025 and we had one domestic recipient joined us. Riley Liu is a senior at UC San Diego double majoring in Human Biology and Cognitive Science, with a specialization in Design and Interaction. This fall, she will be getting her Master's in Human Computer Interaction at Georgia Tech where she will focus her studies on UX research in the Health Tech space, bridging her two areas of study into a future career in wearable technologies. She couldn't make it for our scholarship award dinner and joined us with his boyfriend in our quartelrly meeting instead.
